BIG HORN MOUNTAINS, SHERIDAN, WYOMING

Big Horn Fly Girl's Rendezvous

WOMENS FLY FISHING RETREAT

A stunning, half day's ride into the Bighorn Mountains near Sheridan, Wyoming; the Flat Iron fishing camp lies nestled in amongst the pines along Flat Iron Lake. We will ride gentle & experienced horses into our high mountain wall tent camp with coaching along the way for novice riders. Here, we will spend five days together, fishing, hiking, camping and spending the eves by the camp fire for supper. If anglers would like, there is an opportunity to break up the week and go on an additional ride for more scenic vistas.

Friday morning we pack up all the gear and ride back to civilization, during which moose, deer and elk are common sights along the trail.

The camp includes heated wall tents, a dining tent, a cooks tent & a toilette tent. It is a rustic set up, yet cozy and comfortable for a backcountry venue amongst the mountains.

We have the opportunity to fish right at base camp, at Flat Iron Lake, or choose from eight other alpine lakes in the area to ride or hike into. Your guide will help you learn a new fishery, give you technique tips, casting tips and make sure you have a great day on the water each day.

Join us on horseback, into the mountains with seven other ladies, for another Fly Girl's Rendezvous.

LOCATION

We will be fishing in the Big Horn mountains of Northeastern Wyoming outside of Sheridan.

FISHING

We have the opportunity to fish the lake right out front of our base camp, or eight other high alpine lakes full of brook trout, cutthroat, tiger trout and rainbow trout. While the fish are not trophy sized, it is all sight casting leading to 50+ fish days.

Throughout the day we may come across moose, elk & deer.

SPECIES

brook trout, cutthroat trout, tiger trout and rainbow trout.

EVERYONE FISHERY

The beauty of this fishery is that it is not overly difficult for new anglers, as you are able to sight cast to rising fish.

BOARDING & MEALS

Black Tooth Excursions have been operating for fifteen years in the Big Horn mountains and the outfitter for twenty-eight years. They understand the needs of their clients and go out of their way to make sure people are comfortable in the back country. Heated wall tents with cots, & pads are provided as well as three hearty meals a day including snacks and specialty diet restrictions (vegetarian, vegan, gluten free etc.).
